If China and India were as rich as the United States is today, the market for cancer drugs would be eight times larger than it is now.

~Alex Tabarrok

It seems to me that the price of eternal vigilance is liberty.

~Alex Tabarrok

I think modern television shows, with their intricate plots, are stimulating our minds. This is one reason IQs have been going up.

~Alex Tabarrok

The only way to thrive is to innovate. It's that simple.

~Alex Tabarrok

A bet is a tax on bullshit; and it is a just tax, tribute paid by the bullshitters to those with genuine knowledge.

~Alex Tabarrok

Conservatives have long argued, correctly, that 'fine-tuning' the economy is a chimera, but that argument seems to have disappeared from the conservative handbook.

~Alex Tabarrok

What we tell students in formal schooling: "Sit down, stay quiet, and absorb. Do this for 12 to 16 years and all will be well.

~Alex Tabarrok

Going to college is neither necessary nor sufficient to be well-educated.

~Alex Tabarrok

As far as wages are concerned, the only difference between immigration and birth is that birth takes longer.

~Alex Tabarrok

Democracy is an experimental system. I like it when states try out new ideas. I think we ought to expand, not contract, our federalist system.

~Alex Tabarrok

Well-roundedness comes not from sitting in a classroom but from experiencing the larger world.

~Alex Tabarrok
