Those who Know they do not Know that to Know is to Know what they do not Know!

~Ali Sina

Human rights are for those who can behave like humans. If you can't act responsibly you relinquish that right.

~Ali Sina

Islam takes advantage of two structural flaws that exist in the Western society. One is political correctness and other is the decline of morality.

~Ali Sina

The entire Quran is a big joke. If it was not so violent, it would be the biggest comic book ever written.

~Ali Sina

In Islam religion and politics cannot be separated. Unlike other religions, Islam is political by its very nature.

~Ali Sina

Muslims have different meanings for the same words that we use. They are so convinced of the "truth" of Islam that they do not perceive Jihad/terrorism, or dhimmitude as violence.

~Ali Sina

A society that is not founded on morality falls apart and becomes easy prey to puritan cults such as Islam that on the surface, promote family values and morality.

~Ali Sina

There was a time when everyone thought that Earth was flat. Did this unanimous consensus make any difference to the shape of Earth?

~Ali Sina

There is no compulsion in Islam. You convert "voluntarily". But you are free not to convert by accepting subjugation, humiliation, discrimination and constant harassment. What can be more democratic?

~Ali Sina

Muslims want the western countries to apologize. Why? because this gives them a sense of empowerment. It makes them feel good about themselves, it stokes their ego.
