I always said that, when I grow up, I want to be like Joss Whedon: I want to have my own world.

~Amber Benson

Life is very short, try everything you've dreamed about (within the perimeters of sanity and the law) and regret nothing. Oh, and don't forget the sunscreen.

~Amber Benson

I'm kissing Alyson Hannigan and I almost stuck my tongue in her mouth because we just got so into it at one point.

~Amber Benson

I'm not going to throw up or over-exercise myself into oblivion to look like a model. People tell me, 'You'd work all the time if you just lost twenty pounds.' What am I going to do, cut off my head?!

~Amber Benson

Acting is fantastic, but to be able to create a whole world on celluloid is amazing. It's like taking your dreams straight from your head and projecting them onto a screen.

~Amber Benson

I'm not a big hijinker. I'm a big sit-in-my-chair-and-read-a-book-er.

~Amber Benson

I've always been a big fan of books.

~Amber Benson

There is so much more to this world than outward appearances. Our society basks in the illusion of normalcy every day, and hides from the truth every night.

~Amber Benson

It was interesting to have humanoid villains that were rooted in our three-dimensional reality... or four dimensional reality, I'm not sure which!

~Amber Benson

It doesn't matter who you sleep with, it's how you treat other people in this world.

~Amber Benson

I just feel lucky to have grown up where I did because I think it gave me a nice base. Hollywood can really mess with your sense of self and I feel like coming from the South keeps me pretty grounded.

~Amber Benson

Life is short, and I'd rather be sitting in the poor house doing what I love doing than making a lot of money and being miserable. Life is very short.

~Amber Benson

If I wasn't an actress I'd want to be a writer or else find a job where I got to read books and watch movies all day, everyday, for the rest of my life.

~Amber Benson

I don't think anything lives up to what you envisioned.

~Amber Benson

Yeah, I'm a geek. I read sci-fi and I watch sci-fi films. I love my computer and I love to fix it. I'm a total nerd. I literally am a 12-year-old geeky boy trapped in a 32-year-old woman's body.

~Amber Benson

It's all about what you feel on the inside - and I'm feeling like a chocolate chip cookie because I had about ten of them last night!

~Amber Benson

I am in an extended self-directed course of study. That is, I am in control of my own life.

~Amber Benson

Willow: Hey, clothes. Tara: Better not get used to 'em.

~Amber Benson

I love sci-fi and fantasy.

~Amber Benson

I admit it: I'm a freak who sits obsessively in front of my computer typing my name into Yahoo Search over and over again. I'm a closet Amberholic. Please help me!

~Amber Benson

I think that I have this core group of fans that fell in love with the character I played on Buffy and now they're following me to everything I do. They're very dedicated and loyal. I'm very lucky.

~Amber Benson

I wouldn't want to forget anything, even the weird stuff and the bad stuff. It makes you who you are.

~Amber Benson

I think people are starting to think of me less as an actor and more as a writer.

~Amber Benson

I'm such a geek, I know all about mythology and I don't know Marc Jacobs.

~Amber Benson

Actually, I love mythology. When I was a kid I was obsessed with myth and I wanted to be a mythologist when I grew up. Then I realized I really just like stories.

~Amber Benson

You were doing a TV show - you don't realise that you're also making social commentary at the same time.
