There is absolutely no solidarity in the West towards its own victims, and the recent 'refugee crises' is direct proof of it.

~Andre Vltchek

Chinese people are thoroughly sick of Western imperialism.

~Andre Vltchek

Russian people, like their Chinese comrades, are well aware of what is going on. And there are tens of millions of their martyrs who are reminding them what is to be expected from the West.

~Andre Vltchek

The forces of internationalism, humanism and solidarity will have to be victorious, or soon there will be nothing left of the human race.

~Andre Vltchek

Donald Trump is horrendous, but he is also honest. Both Presidents [Bill] Clinton and [Barak] Obama were great speakers, but unrepentant mass murderers.

~Andre Vltchek

With Russia, it is almost similar to China: people there have had it up to here with the West! The Russian people suffered immensely from Western imperialism.

~Andre Vltchek

World War III would become a great possibility, but such a scenario is quite possible under any new US administration... To answer your question: business as usual.

~Andre Vltchek

Under Bernie Sanders, Western workers would definitely do much better, but the rest of the world, the "wretched of the Earth" would still have to pay the bill.

~Andre Vltchek

The majority of Arab people would side with Russia and China, not with the West. And they'd throw their 'elites' groomed in and by the West, straight out the window.

~Andre Vltchek

The Western planners are definitely trying to fragment the entire Middle East. They already have done, on several historical occasions.

~Andre Vltchek

The truth has to be unveiled. If the West insists, if it keeps pushing, the battles have to be fought. And they will be fought.

~Andre Vltchek

Comrade [Rafael] Correa gets it right, most of the time. This is new, 'final' offensive of the Empire in Latin America.

~Andre Vltchek

The Chinese government would yield to the pressure from its people: it would be forced to give orders to fight - to defend its motherland!

~Andre Vltchek

Russia and China have become two great allies. They'd never be divided as they were during the Cold War Days. Russia and China together cannot be defeated: militarily, economically or morally.

~Andre Vltchek

State has the primary responsibility but the citizen has to spend his or her funds. This is part of neo-liberalism.

~Andre Vltchek

Indonesian people have to regain power, regain control over their own country. And that will never come without a struggle.

~Andre Vltchek

If there is a showdown, two enormous nations, Russia and China, standing side-by-side, will defeat fascism!

~Andre Vltchek

Let's not forget that one poll after another clearly demonstrates that well over 50% of Russian citizens still wants both socialism and the USSR back. And the Russian government is listening.

~Andre Vltchek

The West can only try to destroy Russia and China internally, through horrendous sets of tricks, propaganda and toxic lies. But now even such a scenario is unlikely.

~Andre Vltchek

We understand that a thriving democracy would not be achieved if the people were still uneducated, and that, to educate them, the country has to pay a very high price.

~Andre Vltchek

"Democracy" means nothing else other than, "rule of the people", in Greek. There is nothing democratic about the political concepts of the United States and Europe.

~Andre Vltchek

[Donald] Trump: he'd probably declare in Hiroshima that he'd nuke half of Asia if it would help the West to retain its control over the world. At least one would not harbor any false hopes.

~Andre Vltchek

China is one of the greatest cultures on Earth, and it is one of those countries that suffered immensely from colonialist horrors and humiliation.

~Andre Vltchek

'Colonialism' and 'democracy' are two contradictory terms. In order to be 'democratic' a country has to be free. Right now, Indonesian people are slaves: of the West and of their local elites.

~Andre Vltchek

As it is now, decades after 1965, the people of Indonesia have no clue about any other system except their own, or about true democracy.

~Andre Vltchek

Indonesian people have no idea whom they are actually voting for, or of what their political system consists of. It is so easy to fool them.

~Andre Vltchek

Decent education in Indonesia is strictly for the elites, and those who are educated are using their knowledge to extract even more from the country, and not to improve it as a whole.

~Andre Vltchek

I believe that Indonesia has to first be ruled by some form of a socialist system, before we can even start talking about 'democracy'.

~Andre Vltchek

Indonesia is one of the most scary and scared places on earth.

~Andre Vltchek

Maybe people are not able to define their fears. But they have them, and it shows from their behavior. There is so much frustration and anger.

~Andre Vltchek

Actually, voting in countries like Indonesia is unpatriotic, as it only legitimizes the regime, which serves foreign political and economic

interests, as well as those totally prostituted 'elites'.

~Andre Vltchek

That is why Russia is hated. That is why China is hated. They are forming a tremendous, final defense line protecting humanity from the Western terror.

~Andre Vltchek

Do understand: Chinese people are brilliant; the West cannot fool them.

~Andre Vltchek

Somehow [Barak] Obama's is much more disgusting than others, because he is smart and we all "know that he knows". He is thoroughly dishonest and it is clear.

~Andre Vltchek

People have to be engaged. Enough of nihilism! Enough of emptiness and defeatism! Fighting for a better world is not only the decent thing to do, it is also fun; it is meaningful and fulfilling.

~Andre Vltchek

There will be great battles fought for the future of the world! The coming years will be very tough.

~Andre Vltchek

The world is still being battered by the Western/white/Christian supremacy dogmas and practices, by the most primitive and fundamentalist 'principles'.

~Andre Vltchek

Once elected, the President 'forgets' all about his promises.

~Andre Vltchek

There is absolutely nothing democratic about the "global arrangement" through which the West has been ruling over the rest of the world for decades and centuries.

~Andre Vltchek

The only reason so many are so pissed off at the US is because they see North America as promoting a 'bad deal' for its own masses, not because it is ruining the rest of the world!
