There's symbolism in politics. There's communication in politics. And I think what Donald Trump is saying is, give me the job, and when I get to that job I will figure it out.

~Anthony Scaramucci

Ed Koch had the best line: if you agree with me nine out of twelve times, you should vote for me. If you agree with me twelve out of twelve times, you should find a psychiatrist.

~Anthony Scaramucci

You know why I got involved in politics? The government is now a majority partner in my life. I am now a minority partner in my own life.

~Anthony Scaramucci

You have to take calculated risks in life.

~Anthony Scaramucci

Left-leaning policies - I'm 52 years old, I've been to Cuba, I've been to dysfunctional state oriented places - left-leaning policies fail the lower and middle classes.

~Anthony Scaramucci

As you know from the Italian expression, the fish stinks from the head down. What I can tell you two fish that don't stink, okay, and that's me and the President.

~Anthony Scaramucci

The lifeblood of the economy is that the banking community is a circulatory system for American capitalism.

~Anthony Scaramucci

Today, the message is that we have to help the middle class and the aspirational worker in the United States.

~Anthony Scaramucci

I don't think I need to be an apologist for working hard and being a very large taxpayer.

~Anthony Scaramucci

I think self-esteem comes from work.

~Anthony Scaramucci

Every industry, there are rogues and bad actors. There could be rogues and bad actors in journalism. Rogues and bad actors in medicine. Rogues and bad actors in the legal community.

~Anthony Scaramucci

A lot of people don't understand how a lot of money is being made. There's a combination of fear related to that, envy, distrust that gets filtered into that.

~Anthony Scaramucci

I'm a risk manager, but I'm also a risk taker.

~Anthony Scaramucci

I'm a straight-talking person. Did I make mistakes, absolutely. But I enjoy being a straight-up guy today and in the future.

~Anthony Scaramucci

The President should be focused on making the lives of Americans better. It's what he promised. It's what the country needs.

~Anthony Scaramucci

I do think that there is pressure in various constituencies to reject the president.

~Anthony Scaramucci

I would prefer to let the president make the decisions that the president needs to make.

~Anthony Scaramucci

You have to love the office and you have to love our country and what is going on right now.

~Anthony Scaramucci

You get growth in the United States, the rest of the world will grow.

~Anthony Scaramucci

What I know is that if you put the right policies in place that will lead to economic growth, society will be better.

~Anthony Scaramucci

Donald Trump's message to people is that he's a disruptive force that can descend into Washington as a nonpolitician and try to change some of the morass that happens in Washington.

~Anthony Scaramucci

The reason why Donald Trump does have a very strong base of popularity is he's an authentic person and not necessarily a politician.

~Anthony Scaramucci

You're giving me two choices, and I'm choosing Donald Trump over Hillary Clinton. I would choose Jesus over Donald Trump, probably. But you're just giving me two choices.

~Anthony Scaramucci

Donald Trump is a way better leader than Hillary Clinton.

~Anthony Scaramucci

I'm not a sociologist, I'm not a political scientist, but I'm a fairly intuitive person.

~Anthony Scaramucci

A lot of unpredictable things happened in the Republican party, but I think the notion that we're gonna demonize Donald Trump or we're gonna mischaracterize him is completely unfair.

~Anthony Scaramucci

I'm more of an empiricist. I'm focused on right or wrong, as opposed to left or right.

~Anthony Scaramucci

There's a ton of stuff we can do to help the economy and help the American people, and the aspirational working class of the American people.

~Anthony Scaramucci

You're never gonna find the perfect politician.

~Anthony Scaramucci

You lower the [tax] rate, you will motivate and incentivize more people to put more capital at risk to create more jobs.
