

Anton Yelchin

Quotes

*Thinking, People, Character, Lucky, Culture, Moving, School, Play, Feels, Mind,
Directors, Trying, Long, Two, Dark, Russia, Views, Orange, Italian, Intense*

The ability to have a choice in what you do is a privilege.

~Anton Yelchin

There's only a handful of people I trust completely, and I know who they are. Other than that, I pretty much don't trust people.

~Anton Yelchin

I was drawn to photography as an extension of film, and the beauty of film is that it's a sensuous, fetishistic medium.

~Anton Yelchin

I feel lucky to be in whatever I'm in. I feel lucky to be working.

~Anton Yelchin

I think it's important for movies to recognize that they are part of a history of movies. I also think that most movies are about movies anyway, even if they're about something else.

~Anton Yelchin

One of my favorite vampire movies is 'Nosferatu,' which has a palpable sense of dread that's a pre-war dread.

~Anton Yelchin

I prefer when movies target my heart instead of my mind.

~Anton Yelchin

I've been really interested in focusing on the aspects of my Russian heritage I'm proud of. I'm actually embarrassed to tell people I'm Russian, because it's become such an awful place.

~Anton Yelchin

I think you can always find interesting, complex and fascinating characters to play in different kinds of movies. It's in your hands.

~Anton Yelchin

I've been lucky to play characters that are really broad.

~Anton Yelchin

Maybe silence is something we're uncomfortable with as a culture, I don't know.

~Anton Yelchin

I've been lucky to be able to work with great people and on interesting material.

~Anton Yelchin

I'm fascinated by how ethnic communities have assimilated into massive capitalist environments.

~Anton Yelchin

I don't really like watching my work. I don't mind watching it when I was a little kid because I forgive myself a lot, since I was a little kid.

~Anton Yelchin

If you want to make movies you need to think on a micro-micro level and figure out how to make them for nothing with people who really care about your movie and really want to make it.

~Anton Yelchin

My parents were of the opinion, because they had started skating very young, that you should have something that you do that you care about, because it structures your life as you're growing up.

~Anton Yelchin

I love academics, theory and all that. I love and admire that and try to do as much reading as I can.

~Anton Yelchin

I think any time you're in a new relationship, there's so much to look

forward to.

~Anton Yelchin

I'm sure there are directors who don't like to work with actors and don't know how to be sensitive to actors.

~Anton Yelchin

When you don't understand the fashion world you're just grateful you get to wear good clothes.

~Anton Yelchin

You don't share the things you're forced to share [on a movie set].

~Anton Yelchin

I'm actually embarrassed to tell people I'm Russian these days, because it's become such an awful place.

~Anton Yelchin

It would be nice to live off the land and fix cars.

~Anton Yelchin

I'm not passive aggressive. If something bothers me, I think about it, then I act on it. I express it.

~Anton Yelchin

Every relationship I've been in becomes long-distance because of work. It's never worked out. It puts an intense strain on the relationship, and at a certain point, it becomes too difficult.

~Anton Yelchin

I want things to be characters and not me. Why would I want to play me?

~Anton Yelchin

I don't feel any connection to Russia.

~Anton Yelchin

Russia itself is an extremely complex country, and sometimes I feel like all of that comes back to haunt me. I can see why so many Russian writers were so tortured.

~Anton Yelchin

I tried ice-skating and wasn't very good at it.

~Anton Yelchin

Most of the girls I know are from my school. I've gone to school with the same people since fourth grade, so I can't wait to go to a place where I don't know anybody.

~Anton Yelchin

I don't hang out at trendy Hollywood bars.

~Anton Yelchin

I've always loved punk music, since I was in my early teens, since middle school.

~Anton Yelchin
