There is a mass of immigrants, a million of them without work. We will stop this invasion.

~Antonis Samaras

There are certainly delays in this year's agreed program, and we must quickly catch up. Let's not kid ourselves, there is still big waste in the public sector, and it must stop.

~Antonis Samaras

I am fully aware of the critical moments we face as a country.

~Antonis Samaras

Our first goal is to stop the recession and start with recovery.

~Antonis Samaras

Greece's position in Europe will not be put in doubt.

~Antonis Samaras

Today is a new day for the land.

~Antonis Samaras

The best way for someone to govern is to set an example.

~Antonis Samaras

We are a pivotal part of the European Union. Any destabilization of Greece would totally rock the boat.

~Antonis Samaras

Illegal immigrants are already a very big problem for us. We are already taking big steps to disallow illegal immigrants from coming in.

~Antonis Samaras

It was a culture that business is something bad - it was a leftist-oriented psychology. We have to break this. We are pro-business.

~Antonis Samaras

I cannot allow a third party to decide on my country's future.

~Antonis Samaras

There are going to be a lot of problems with social cohesion. We are already cutting down everything to the bone. Unless there is light at the end of the tunnel.

~Antonis Samaras

Very serious mistakes were made by previous governments, and Greece was ready to be abandoned by its partners and to leave the eurozone, which would have created total catastrophe.

~Antonis Samaras

We believe that what they call "Grexit" [a Greek exit from the eurozone] is not an option for us.

~Antonis Samaras

Other countries have access to the markets, whereas Greece does not. Therefore, we have to get liquidity through the ECB.

~Antonis Samaras

I do not want Greece to become the negative paradigm for the others - i.e. "make sure you follow exactly what we tell you, otherwise you will be like Greece."

~Antonis Samaras

We shed blood to take the word 'Grexit' away from the mouth of foreigners, and Syriza is bringing this word back to their mouths.
