We're dealing with a crisis of inequality, of joblessness, of underemployment.

~Avi Lewis

I personally feel very strongly that what it will take is not more disasters, it's that what it will take is a vision of the future that is better than our present.

~Avi Lewis

One of the things that could be exciting about this next phase of Canadian politics is if we could maybe have co-leaders.

~Avi Lewis

Once you feel the desire to engage, think about what you're good at and what you can contribute. It's about breaking down the idea that there are activists and ordinary people.

~Avi Lewis

Film 'This Changes Everything' is not a sad story. It's not a slit-your-wrists climate film. It's a story about people who are making change happen.

~Avi Lewis

The book and the film [This Changes Everything] fed into each other in ways that were compounding and very exciting. The pain was shared.

~Avi Lewis

I've always kind of hated films about climate change.

~Avi Lewis

I'm really changed by my research. This book ["This Changes Everything"] is very different from what I set out to write.

~Avi Lewis

I think people are losing that sense of security pretty fast, frankly.

~Avi Lewis

So many people are on the front lines of this fossil fuel frenzy. It is infused with a sense of urgency.
