

Bill Nye Quotes

*People, Years, Believe, Thinking, Ideas, Space, World, Religious, Earth, Kids,
Way, Climate, Law, Stars, Views, Needs, Real, Discovery, Answers, Two*

Everyone you will ever meet knows something you don't.

~Bill Nye

We are just a speck, on a speck, orbiting a speck, in the corner of a speck, in the middle of nowhere.

~Bill Nye

To leave the world better than you found it, sometimes you have to pick up other people's trash.

~Bill Nye

Science is the best idea humans have ever had. The more people who embrace that idea, the better.

~Bill Nye

You and I are made of stardust. We are the stuff of exploded stars. We are therefore, at least 1 way that the Universe knows itself. That, to me, is astonishing.

~Bill Nye

There's nothing I believe in more strongly than getting young people interested in science and engineering, for a better tomorrow, for all humankind.

~Bill Nye

I speak with dogs frequently. They don't really talk, but I feel they're communicating.

~Bill Nye

The natural world is a package deal; you don't get to select which facts you like and which you don't.

~Bill Nye

The more you find out about the world, the more opportunities there are

to laugh at it.

~Bill Nye

Science is the best thing humans beings have ever come up with. And if it isn't, science will fix it.

~Bill Nye

The Earth is not 6,000 or 10,000 years old. It's not. And if that conflicts with your beliefs, I strongly feel you should question your beliefs.

~Bill Nye

Bicycling is a big part of the future. It has to be. There's something wrong with a society that drives a car to work out in a gym.

~Bill Nye

Science is the key to our future, and if you don't believe in science, then you're holding everybody back.

~Bill Nye

By the way, most of the light that comes from the sun is green.

~Bill Nye

Science provides a much more satisfactory way to seek answers than does any religion.

~Bill Nye

People and stars are made of the same stuff.

~Bill Nye

If you look back on all the teachers that you liked, I am sure you will find they were very entertaining.

~Bill Nye

What happens to other species also happens to us.

~Bill Nye

The information you get from social media is not a substitute for academic discipline at all.

~Bill Nye

Hard to find anything lovelier than a tree. They grow at right angles to a tangent of the nominal sphere of the Earth.

~Bill Nye

The Big Bang banged, and for some reason we're here. And that's astonishing. And that we can understand that, that's the most astonishing.

~Bill Nye

Talk about science with everyone you meet. Especially talk about climate change. It needs to become a part of our everyday conversation (the way it is everywhere else in the world).

~Bill Nye

America has had many other discoverers besides Columbus, but he seems to have made more satisfactory arrangements with the historians than any of the others.

~Bill Nye

I like to regard myself as someone who's capable of critical thought, that is to say, who can evaluate claims.

~Bill Nye

Unlike science, creationism cannot predict anything, and it cannot provide satisfactory answers about the past.

~Bill Nye

There is no debate in the scientific community...We need [Congress] to

change things, not to deny what's happening.

~Bill Nye

Recommending or insisting on abstinence has been completely ineffective.

~Bill Nye

Humor is everywhere in that there's irony in just about anything a human does.

~Bill Nye

I've always loved airplanes and flight. The space program was really important to me as a kid. I still have a photo of Armstrong and Aldrin on the moon in my living room.

~Bill Nye

Winter lingered so long in the lap of Spring that it occasioned a great deal of talk.

~Bill Nye

The most serious problem facing humankind is climate change.

~Bill Nye

Climate change is happening, humans are causing it, and I think this is perhaps the most serious environmental issue facing us.

~Bill Nye

I used to play ultimate Frisbee, and I just got a reputation for making popcorn at parties. I don't mean to brag on myself, but I make the popcorn in the pot, and it comes out fine every time.

~Bill Nye

No matter what you may believe spiritually or otherwise, the Earth is clearly not 6,000 or 10,000 years old.

~Bill Nye

SCIENCE is a part of EVERYONE'S everyday life.

~Bill Nye

If you meet somebody who says he or she has never dreamed of flying, I don't believe you. I mean, they're lying.

~Bill Nye

My father was a very good Boy Scout. He was very skilled with knots, and he showed me how to tie a bow tie.

~Bill Nye

If you want grown-ups to recycle, just tell their kids the importance of recycling, and they'll be all over it.

~Bill Nye

If the Earth gets hit by an asteroid, it's game over. It's control-alt-delete for civilization.

~Bill Nye

Our goal in science is to discover universal laws of nature. That pursuit fills me with wonder.

~Bill Nye

There really is no such thing as race.

~Bill Nye

The US Navy has several people on every ship that can navigate by the stars. They don't fool with that.

~Bill Nye

That's what makes a human a human, if we store information outside our bodies.

~Bill Nye

But as the cerebellum degrades with age, so does the quality of memories. The memories are there, but they're not as good.

~Bill Nye

For me, the meaning of life is pretty clear: Living things strive to pass their genes into the future.

~Bill Nye

Climate change is a real deal. So, hey deniers - cut it out, and let's get to work.

~Bill Nye

How did we let an ideological resistance to inquiry become such a prominent part of our society?

~Bill Nye

There are just two people entitled to refer to themselves as "we"; one is the editor and the other is the fellow with a tapeworm.

~Bill Nye

From an evolutionary standpoint you can't just wipe everything out and start over, and I don't think you can do it in the school system either.

~Bill Nye

One of the drawbacks of English is you can't spell things by hearing them.

~Bill Nye

We need them. We need scientifically literate voters and taxpayers for the future.

~Bill Nye

Teaching creationism in science class as an alternative to evolution is inappropriate.

~Bill Nye

Intuitively you want some place [such as your phone] to store phone numbers, so you have that part of your brain to do other tasks.

~Bill Nye

If you decide to become a dancer on Broadway, never say who your favorite dance partner is, because members of the media will presume you never want to dance with anybody else.

~Bill Nye

I am so old, I entered engineering school with a slide rule. And I left engineering school with a calculator. I can still use a slide rule but it's not a skill you especially need anymore.

~Bill Nye

In another couple centuries I'm sure that worldview won't even exist. There's no evidence for it.

~Bill Nye

Anybody who grew up with the space program is a fan of science fiction.

~Bill Nye

Everyone, red state, blue state, everyone supports space exploration.

~Bill Nye

Evolution is a theory, and it's a theory that you can test. We've tested evolution in many ways. You can't present good evidence that says evolution is not a fact.

~Bill Nye

You stop planetary exploration, those people who do that extraordinary work are going to have to go do something else.

~Bill Nye

But investment in space stimulates society, it stimulates it economically, it stimulates it intellectually, and it gives us all passion.

~Bill Nye

I abandoned my religious teachings after I read the Bible twice - cover to cover. It took me a couple of years.

~Bill Nye

A two-and-a-half-year-old is pretty experienced at making a mess, anyway.

~Bill Nye

Evolution is not something you can believe in or not believe in like do you believe in gravity.

~Bill Nye

Promoting a religious agenda that is to apply to every citizen is inconsistent with our laws in the US. It seems to me that your community and mine can live and work together without conflict.

~Bill Nye

I've got no problem with anybody's religion. But if you go claiming the Earth is only 10,000 years old, that's just wrong.

~Bill Nye

Without an end to the burning of fossil fuels, coal especially, most of us will live shorter lives. I'm hopeful, but very, very concerned.

~Bill Nye

As you may know, I am a mechanical engineer.

~Bill Nye

I always liked show biz and got to make a few training films at Boeing.

~Bill Nye

I meet so many people who are intimidated by arithmetic.

~Bill Nye

People that don't want to get down to the business at hand. Instead of just doing less, we have to find ways of doing more with less. That's the key to the future.

~Bill Nye

The oncoming trouble I speak of is climate change. It's going to affect all of you in the same way the Second World War consumed people of my parent's generation.

~Bill Nye

The world's going to change climatically. We just want to control the change. We want to have a high quality of life for billions of people as we pass through this era.

~Bill Nye

The thing about a theory in science is it allows you make predictions. Evolutionary theory allows us to predict what apples will taste good next harvest.

~Bill Nye

If you just take a single human and put him or her in the forest he or she might not do very well without some sort of education which he got or she got from some tribe.

~Bill Nye

Religion is a completely different thing from the claim that the Earth is

six thousand years old. That's just crazy.

~Bill Nye

People get a lot out of being religious. They have strong senses of community and mutual support. So, what's not to love [there]?

~Bill Nye

The future of commerce is going to be all electronic. The gold standard was a fine idea, but electronic changes of funds and credits will be the future.

~Bill Nye

I don't perceive an anti-religious agenda, especially with regard to Christians and Christianity.

~Bill Nye

Researchers have proven that scientifically, that all humans are one people

~Bill Nye
