Kyle Baker's work is really funny, but it's also got a very clear vision

~Bill Sienkiewicz

So there's kind of a simultaneous aspect to pushing the boundaries, and being very safe

~Bill Sienkiewicz

So cartooning, for me, is an honorable thing. It's pushing the envelope. It's the truth of something through exaggeration

~Bill Sienkiewicz

So much of Jaws was amazing because the mind filled in what was missing.

~Bill Sienkiewicz

One of the problems I have with a lot of movies these days is that everything is too well lit. In the world of digital creations there is a tendency to show too much

~Bill Sienkiewicz

But there's still an avenue for smaller comics and personal expression

~Bill Sienkiewicz

Nothing is really media driven or committee driven, so you can actually just produce something

~Bill Sienkiewicz

People who can pull you in and take you on a journey, as opposed to simply adding flash. Again, that feels very clinical, and I don't respond to that the way I used to

~Bill Sienkiewicz

Comics are really my life blood in a lot of respects

~Bill Sienkiewicz

And I've never viewed comics as assignments for the client

~Bill Sienkiewicz

I want to say 90% of stuff out there is just crap that got made. The main point is that it got produced.

~Bill Sienkiewicz

I didn't want to feel constrained, so I took on the Mutants

~Bill Sienkiewicz

If you're going to establish a certain level of unreality than you have to deal with it

~Bill Sienkiewicz

There is a whole generation of people who are going to see movies or watch TV who don't want to work.

~Bill Sienkiewicz

But I'm aware of the fact that I'm working in a commercial venue where I'm producing something that I wouldn't normally be approaching the way I'm doing it

~Bill Sienkiewicz

But with comics you're reading and assimilating an image simultaneously, instead of just reading or watching the tube

~Bill Sienkiewicz

But if I really want to produce my own work and tell stories, then I will

~Bill Sienkiewicz

I wanted to be complete, because I figured that, visually, there was an avenue to explore with painted stuff

~Bill Sienkiewicz

Cartooning is an honorable thing

~Bill Sienkiewicz

So I look at a lot of stuff now that I did and some of it looks tame to me, but my interest in terms of what I want to say with it is a little different

~Bill Sienkiewicz

To me, the technique was almost irrelevant; it was what was coming across.

~Bill Sienkiewicz

Do the story in the way it really demands to be done, which may mean using several different styles or only one style; but it's still about respecting the story

~Bill Sienkiewicz

I wanted to learn how to paint rather than just doing black-and-white work

~Bill Sienkiewicz

For a while I felt very alone; sort of out there in the world of comics, especially here in the States

~Bill Sienkiewicz

And that, to me, is the main attraction to comics. It's an avenue to say what you want to say

~Bill Sienkiewicz

After that I jumped, especially being in art school, to the illustrators.

~Bill Sienkiewicz

If somebody can inspire me, it feels really special

~Bill Sienkiewicz

I was lucky enough to be given books that weren't top sellers; books that were kind of under the radar

~Bill Sienkiewicz

I still love a lot of the guys who just paint

~Bill Sienkiewicz

Especially with Elektra, because I'm doing a lot of the covers for the new version of Elektra.

~Bill Sienkiewicz

And within the world that you've created, the physics of that world have to remain constant; they can't be amorphous and changing.
