Inspiration, Inventor*

Music is always changing and the changes are unpredictable.

~Billy Sheehan

I didn't follow the standard rules of bass playing, and many musicians on many different instruments who became noteworthy for their unique or particular style did a very similar thing.

~Billy Sheehan

As far as current inspiration, I'm listening to a lot of flamenco, because the techniques used for flamenco can be adapted to playing bass.

~Billy Sheehan

I believe the best persona to be onstage is the one that comes naturally.

~Billy Sheehan

History has repeated itself many times throughout the ages.

~Billy Sheehan

It is never easy for anyone to have success in music.

~Billy Sheehan

I gave up a lot of things in exchange for my success.

~Billy Sheehan

Very often I suspend my musical sensibilities to enjoy music as a fan.

~Billy Sheehan

I'm very honored and thankful if someone says something nice about my playing, but in general I'm very critical of what I do.

~Billy Sheehan

I try to do my absolute best for the people who come see me play.

~Billy Sheehan

I plan on doing a lot more work on my own, and discovering and doing more.

~Billy Sheehan

I listened to many different types of instruments and music, and have always tried to look at the bass as an instrument as opposed to only a bass.

~Billy Sheehan

It's not art, it's science.

~Billy Sheehan

And no again: My studio is not a first or any step toward becoming any type of businessman on my part.

~Billy Sheehan

I've been an amateur inventor for a long time.

~Billy Sheehan

I love a lot of reggae, but Ive never had the opportunity to play with any reggae guys.

~Billy Sheehan

I'm a fan of many different styles of classical and symphonic music.

~Billy Sheehan
