What makes the farmers market such a special place is that you are actually creating community around food.

~Bryant Terry

Given that it takes up to 16 pounds of grain to produce one pound of meat, I think we can also go a long way toward ending hunger and saving the environment as well.

~Bryant Terry

I don't necessarily think veganism is going to save the world.

~Bryant Terry

Given that I'm from the South, I wanted to do something to address that. I have been focusing more energy and resources on addressing those issues.

~Bryant Terry

I'm in San Francisco because of the energy, the ideas, and the fact that this is a great place for me to land. When I'm traveling and working nationally, I love coming back here.
