

Chamath Palihapitiya Quotes

*Thinking, People, Entrepreneur, Real, Perspective, Trying, Quality, Reason,
Exercise, Reality, Making Money, Fit, Giving, Building, Financial, Believe,
Today, Negative, Difficult, Winning*

Startups should be, if you graph their financial performance, it should be what's called a J curve. You start out at zero, you're not making any money, you're not losing any money.

~Chamath Palihapitiya

If you're trying to get to profitability by lowering costs as a startup then you are in a very precarious and difficult position. You need to grow through profitability.

~Chamath Palihapitiya
