We can't worry about competition. Besides, you aren't competing with anyone but yourself. They have nothing to do with whether you make a good movie or not.

~Chris Wedge

Animation has always been about technology. You can't have animation without technology.

~Chris Wedge

For me, part of the fascination with making animation is you go to a place; it's a complete immersion in someone else's fantasy.

~Chris Wedge

This technology will obviously become more prevalent. Who knows what will result? One thing is certain, computer technology will revolutionize the way we tell stories as much as movie film has.

~Chris Wedge

You win the Oscar, you get to go into just about anybody's office for a month. I had a lot of meetings.

~Chris Wedge

What made 'Ice Age' work is that it had its shiny candy coatings, but inside was a soft, creamy center.

~Chris Wedge

I grew up watching classic animation, and I have always felt that the roots of animation is in fantasy and taking it in places that you can't go, any other way.

~Chris Wedge

Honestly, I don't go out of my way to see animated movies. I'm mostly influenced by.. the films I tend to like are the small films, small personal stories. With characters you can believe.

~Chris Wedge
