The storyboard artists job is to plan out shot for shot the whole show, write all the dialog, and decide the mood, action, jokes, pacing, etc of every scene.

~Craig McCracken

Basicly what I had to do was do a 7 minute board and pitch it to a room of big wigs from the network and based on that they determined if I would get a short or not.

~Craig McCracken

There's a lot you can do without words.

~Craig McCracken

I'm hoping that word-of-mouth on the film - people seeing it and liking it - that that will drive more people to the theaters, because I haven't seen the billboards or the posters or anything.

~Craig McCracken

It really just gives you a sense of when you need to have dialogue and when you don't, and if your pictures are telling the story, you don't need to have all this talking.

~Craig McCracken

I'm a geeky toy collector, and to have toys of your own characters is unbelievably cool.

~Craig McCracken

But to me what seems to be missing in a lot of portfolios is Cartooning.

~Craig McCracken

For a long time I wanted to be a comic strip artist but when I started doing them in my teens they were getting really elaborate with tons of poses and a lot of information.

~Craig McCracken

Anything you see on the screen was at one point approved by me.

~Craig McCracken

Im always thinking about what I might want to do next, but theres still things I want to do with Powerpuff - so I can keep going with this one for awhile.

~Craig McCracken

I started working at Hanna-Barbera in '92 on 2 Stupid Dogs.

~Craig McCracken

I've been drawing since I was about 3 and I come from a family of artists.

~Craig McCracken

Basicly I'm in charge of all creative aspects of the show.

~Craig McCracken

First, there was 2 Stupid Dogs. Then, Dexters Laboratory. And now, Powerpuff Girls. There were a lot of little things in between, but those were the main ones.
