Theology has not advanced an inch in the last 1,000 years. How much respect does a profession deserve if it cannot add to the knowledge and understanding of man?

~Darrel Ray

Just as the chicken pox virus continues to live quietly in the body after the disease is gone, the god virus may live quietly in the host until something evokes it.

~Darrel Ray

Simply disabling specific critical thinking skills is all that is necessary for the god virus [to take control of a person].

~Darrel Ray

Jesus must have been married to have been called a rabbi.

~Darrel Ray

Islam has some of the best defenses against other god viruses and has the potential to be more parasitically aggressive when consolidating political power with a society.

~Darrel Ray

Fundamentalist groups like Christian Embassy have infiltrated the very top of the U.S. military and gained positions of influence in the Pentagon.
