Future leaders will be less concerned with saying what they will deliver and more concerned with delivering what they have said they would.

~Dave Ulrich

People are our greatest asset .

~Dave Ulrich

Of course, change requires change. Until there is a felt need for change, it is only an event not a pattern.

~Dave Ulrich

When leaders behave consistently with the expectations of customers, they are doing things inside their organization that deliver value outside.

~Dave Ulrich

We do not see through our eyes alone.

~Dave Ulrich

There is an increasing gap between academic research and business application. Sometimes the incentives for success in the academic world are not consistent with what it takes to run a company.

~Dave Ulrich

I like to co-author books to learn from those I write with.

~Dave Ulrich

I like ideas, frameworks, and figures.
