The main challenge Not For Sale is big and it is modern day slavery, which is a \$32billion dollar industry second to the illegal trade of drugs and arms.

~David Batstone

Wherever I am in the world I want to be creating new projects and innovations, which are exciting and make a difference to communities.

~David Batstone

When you tell yourself that there is nothing you can do to arrest the global slave trade, you underestimate your own potential and abandon hope for those trapped in captivity.

~David Batstone

My aim is to integrate business connections into vulnerable communities thus creating jobs.

~David Batstone

Slavery takes so many forms, as it is interwoven within legal industries and is embedded into the supply chain.

~David Batstone

Together we can make a difference and empower communities to be self sufficient.

~David Batstone

I get my fuel and inspiration from children, they are our future.

~David Batstone

I went to Thailand and built a village for 27 rescued children and this is where my passion to help prevent modern day slavery came from.

~David Batstone

Technology is very important; it enables connection to one another,

which is essential.

~David Batstone

I am an entrepreneur and my goal is to create invention to the solution of human trafficking and extreme poverty.

~David Batstone

I like to think that Not For Sale is the Juniper Networks of the social section, a disruptive innovator.

~David Batstone

I want us to continue to scale and grow over the coming years in education, professional development and employment to bring about change in people's lives.

~David Batstone

I shall continue to invent new anti-slavery programmes around the world.
