Don't worry about failure; you only have to be right once.

~Drew Houston

If you have a dream, you can spend a lifetime studying, planning, and getting ready for it. What you should be doing is getting started.

~Drew Houston

Surrounding yourself with inspiring people is now just as important as being talented or working hard.

~Drew Houston

Instead of trying to make your life perfect, give yourself the freedom to make it an adventure, and go ever upward.

~Drew Houston

Reading a book about management isn't going to make you a good manager any more than a book about guitar will make you a good guitarist, but it can get you thinking about the most important concepts.

~Drew Houston

The happiest and most successful people I know don't just love what they do, they're obsessed with solving an important problem, something that matters to them.

~Drew Houston

You must maximize the probability that someone shows up at front door of your store or website and ends up with a solved problem.

~Drew Houston

Devices are getting smarter - your television, your car - and that means more data spread around. There needs to be a fabric that connects all these devices. That's what we do.

~Drew Houston

Learn early, learn often.

~Drew Houston

You can't focus on what everyone else is doing â€” it has to be about what's really broken and what you can do to fix it.

~Drew Houston

You become the average of the five people you hang out with.

~Drew Houston

If you start your own thing, you can learn a lot really fast from doing things wrong.

~Drew Houston

The hardest-working people don't work hard because they're disciplined. They work hard because working on an exciting problem is fun.

~Drew Houston

The only way to learn on a zero dollar budget is to talk to people

~Drew Houston

I actually don't think it matters how early or late you are as long as you hit critical mass.

~Drew Houston

One misconception is that entrepreneurs love risk. Actually, we all want things to go as we expect. What you need is a blind optimism and a tolerance for uncertainty.

~Drew Houston

A lot of times it's an asset to not know everything about everything... A lot of really great, innovative things have happened when people just didn't know it wasn't supposed to be possible.
