I am a classical music lover - not necessarily the contemporary stuff, but the old stuff.

~Eberhard Weber

I realized pretty soon that I have to do more than just play bass in the background way. So, I developed a kind of playing which only a handful of musicians accepted.

~Eberhard Weber

I like to create the music I hear in my interior. As a conductor, you have the ability to squeeze the sounds and interpretation you asked for from 50 to 80 people.

~Eberhard Weber

It's better to finish at the peak or soon after it, than to wait until the audience notices a decline.

~Eberhard Weber

When I started to pick up the bass, it was purely by random chance.

~Eberhard Weber

It is probably very necessary to present your ego at some point.

~Eberhard Weber

The way to compose for me is to have lots of time.

~Eberhard Weber

As a result, I had to get my own playground which was my band Colours. This band lasted for about eight years and then the air was out of it and it was time to finish.

~Eberhard Weber

The problem is that I don't want to add another record to the world that is not necessary to be published, except to make some business. There

has to be a musical reason.

~Eberhard Weber

I played cello in my high school orchestra.
