One of the things that people don't realize is that that natural beauty, those recreational forests, they have an economic development impact for the state as well.

~Ed Rendell

The Medicaid system currently steers people toward nursing home care. Far more people can be covered in community-based care programs for significantly less.

~Ed Rendell

Tourism is our second biggest industry in terms of the people it employs.

~Ed Rendell

I am a free spirit. I tell the truth, and I like to mix it up.

~Ed Rendell

Is regulation per se bad? Is better regulation bad? I think better regulation is good for the business community, and I think that's something we should get together on.

~Ed Rendell

I think Barack Obama has brought a new level of ethical standards to Washington. Has he changed some basic hard-knuckle politics? No. You need hard-knuckle politics to succeed.

~Ed Rendell

Growing Greener doesn't produce money for farmland preservation or open space preservation.

~Ed Rendell

We will not lose this election for lack of money.

~Ed Rendell

We are the second oldest state in the Union because too many of our young people are leaving Pennsylvania. They are leaving Pennsylvania behind for opportunities elsewhere.

~Ed Rendell

The single most important thing you can do to get elected is to have street money!

~Ed Rendell

I have said consistently both in my papers and in my speeches - which you heard in the primary campaign - that I will continue to phase out the Capital Stock and Franchise tax.

~Ed Rendell

I don't think anyone can calculate the effect of having a Jew on the ticket.

~Ed Rendell

American Eagle can be a selling point for other young, cutting-edge companies to come to Pittsburgh

~Ed Rendell

If I lose, I lose. Ill do it on my terms.

~Ed Rendell
