We are not alone in the universe. They have been coming here for a long time.

~Edgar Mitchell

On the return trip home, gazing through 240,000 miles of space toward the stars and the planet from which I had come, I suddenly experienced the universe as intelligent, loving, harmonious.

~Edgar Mitchell

There are no unnatural or supernatural phenomenon, only very large gaps in our knowledge of what is natural... we should strive to fill those gaps of ignorance.

~Edgar Mitchell

We went to the Moon as technicians; we returned as humanitarians.

~Edgar Mitchell

We all know that UFOs are real. All we need to ask is where do they come from, and what do they want?

~Edgar Mitchell

Science is methodology. As a belief system it's disastrous.

~Edgar Mitchell

We need to make the world safe for creativity and intuition, for it's creativity and intuition that will make the world safe for us.

~Edgar Mitchell

I experienced an ecstasy of unity. I not only saw the connectedness, I felt it and experienced it sentiently. The restraints and boundaries of flesh and bone fell away.

~Edgar Mitchell

Undoubtedly we will go on to Mars in due course, provided we don't

blow ourselves up with our stupidities in the short run. That's a possibility, too.

~Edgar Mitchell

To kill a citizen of our own country is evil, but to kill a citizen of another country is 'good.'

~Edgar Mitchell

The transcendent experience is brotherly love, nature, harmony and unity. Cultures, in trying to define it, try to define an external deity as opposed to the process.

~Edgar Mitchell

I think I've reached the point that I'm convinced enough of the reality of the ET presence and I'm not going to deny it and shy away from it.... It is time to open this up to the public.

~Edgar Mitchell

When you transcend the transcendent states, you get past the ego structure, and at that point you don't need laws, you have "morality!" You have inborn, natural ethics, because it is built on Love.

~Edgar Mitchell

Our ignorance, and it is based on the egos we have. It is the unwillingness to go beyond ego.

~Edgar Mitchell

The main problem is that we, as an Earth civilization, have not come to understand ourselves - see ourselves in a cosmic sense at all.

~Edgar Mitchell

My view of our planet was a glimpse of divinity.

~Edgar Mitchell

The universe is a self-organizing, intelligent, creative, trial-and-error learning, participatory, interactive, non-locally interconnected and evolving system.

~Edgar Mitchell

If we don't take care of our customers, someone else will.

~Edgar Mitchell

I am very, very incredulous about what I see. I can't throw caveats in. I don't make blanket statements.

~Edgar Mitchell

It's rather clear that we've got to do something differently "and going into space and learning to utilize these resources, to think differently about ourselves, is vital right now.

~Edgar Mitchell

It was a dogma throughout most of the 20th century that quantum science only applied to subatomic matter, and we now know that not to be true. One of the major discoveries was Quantum Holography.

~Edgar Mitchell

Dr. Lipsenthal is a profound explorer of our inner and outer worlds. Enjoy Every Sandwich will help you heal your fear of death and embrace the true joy of life's extraordinary journey.

~Edgar Mitchell

I'd like to discover Truth - when I can latch on to something that I think is true.

~Edgar Mitchell

The transcendent experience is common to every culture in the world.

~Edgar Mitchell

The ancients had a term in the mystical tradition called the Akashic Records, which was suggestive that nature didn't lose it's experience, that the information accumulated was available forever.

~Edgar Mitchell

We have what is happening as a result of the current administration in our country, which I think has taken us in a totally wrong direction, postulating totally wrong things.

~Edgar Mitchell

You get out there in space and say to yourself: that's home. That's the only home we have, and the only one we're going to have for a long time

~Edgar Mitchell

We're not on a sustainable path in civilization. We're on an exponential growth curve, on which we perhaps always have been, but it has turned up sharply at the beginning of the 20th century.

~Edgar Mitchell

Another way to think of this is there are now 6.8 billion people on this planet, and half of them weren't even born when we went to the moon, and so they don't have the perspective.

~Edgar Mitchell

In my opinion, fundamentalist Christians are just as bad as fundamentalist Islam and, at the very core, neither religion is like that.
