*People, Thinking, Dog, Technology, Issues, Information, Love You, Care, Real,
Life Is, Patient, Ethnicity, Protect, Unlimited, Humanity, Love Is, Believe,
Succeed, Light, Challenges*

I think that the minute that you have a backup plan, you've admitted that you're not going to succeed.

~Elizabeth Holmes

I would much rather live a life of purpose than one in which I might have other things but not that.

~Elizabeth Holmes

When you find what you love, you do it. That's it.

~Elizabeth Holmes

What I really want out of life is to discover something new, something mankind didn't know was possible to do.

~Elizabeth Holmes

I think people can benefit tremendously from really asking why they're doing certain things.

~Elizabeth Holmes

I think a lot of young people have incredible ideas and incredible insights, but sometimes they wait before they go give their life to something. What I did was just to start a little earlier.

~Elizabeth Holmes

Fundamentally, the answers to our challenges in healthcare relies in engaging and empowering the individual.

~Elizabeth Holmes

I believe in the unlimited power of women in the context of science and engineering.

~Elizabeth Holmes

Today, blood work and science are able to provide more of a movie of your health, identifying trends before they become an issue.

~Elizabeth Holmes

My best advice for someone considering adopting a pet is to take the time to really consider your lifestyle, home environment and personal preferences.

~Elizabeth Holmes

What we're about is the belief that access to affordable and real-time health information is a basic human right, and it's a civil right.

~Elizabeth Holmes

Don't decide on a dog based on looks either, much like with people, looks and first impressions can be deceiving.

~Elizabeth Holmes

Technology has an incredible role to play in enabling of policy issues.

~Elizabeth Holmes

With some diseases, like type 2 diabetes, if people get alerted early they can take steps to avert getting sick.

~Elizabeth Holmes

The right to protect the health and well-being of every person, of those we love, is a basic human right.

~Elizabeth Holmes

Patients are empowered by having better access to their own health information, and then by owning their own data.

~Elizabeth Holmes

Thernos 1.0 is an external point-of-care BlackBerry.
