## Quotes

*Iran, Thinking, Years, Needs, Iraq, Arabia, Talking, Responsibility, Israel, Effort,  
Judgment, Middle East, Germany, Elements, World, Moving, Keys,  
Congratulations, Government, Said*

I wouldn't even know - and I spent three years in the CIA - I wouldn't even know how you'd start a covert action program in a place like Iran. It would be extraordinarily difficult.

~Frank Carlucci

Intelligence is not a science.

~Frank Carlucci

The Crown Prince has said he needs to broaden political participation in the governing of Saudi Arabia.

~Frank Carlucci

These are all elements, but the main thing we can do in the Middle East is encourage the reformist elements.

~Frank Carlucci

There's clearly something to be said for success and following through on your commitments.

~Frank Carlucci

Over a period of time, I think the popular will in Iran will prevail.

~Frank Carlucci

It took us 50 months in Germany, post World War II to go from the end of the war to a national election.

~Frank Carlucci

Policymakers have to make judgments based on the best intelligence they get.

~Frank Carlucci

And I argued with that intelligence estimate and I think it is a responsibility of policymakers to use their best judgment on the basis of the intelligence they've received.

~Frank Carlucci

We went into Iraq because Iraq posed a threat to the stability of the region and was engaged in the process of trying to develop weapons of mass destruction and had links to terrorists.

~Frank Carlucci
