I support renewable energy.

~Fred Upton

Nuclear is not only emissions-free, but renewing our commitment to nuclear power will create countless jobs at a time when our nation endures nearly double-digit unemployment.

~Fred Upton

Common sense tells us that this explosion of media sources should eliminate any concern over a lack of diversity of views in the marketplace and competition.

~Fred Upton

For those broadcasters who are less than responsible, the FCC needs to have sharper teeth to enforce the law.

~Fred Upton

Under President Obama's new health care law, Medicaid will become a very different health coverage program than first envisioned.

~Fred Upton

I'm a Reagan Republican, which means I don't speak ill of other Republicans.

~Fred Upton

We've heard this before; 'things are bad, we are gonna fix them,' and they remain unfixed.

~Fred Upton

Given the slow pace of Washington's bureaucracy, policymakers are often busy solving yesterday's problems. This rearview mirror approach afflicts Mr. Obama and his Democratic allies in Congress.

~Fred Upton

I support an all of the above energy policy, so that's not only just Keystone, that's not only just drilling, that's clean coal, that's safe nuclear.

~Fred Upton

Together, we will protect the sanctity of life, ensuring early next Congress that no federal funds are used for abortion.

~Fred Upton

We cannot afford the EPA's continued expansion of red tape that is slowing economic growth and threatening to entangle millions of small businesses.

~Fred Upton

I'm not a rubber stamp, and people know that. If you can convince me of the merits, you will have my vote every time.

~Fred Upton

I know the exploding cost of health care is at the root of our long-term fiscal challenges.

~Fred Upton

I think we can lower our emissions. I think the world will be better off if we did that, and we can do it without cap and trade.

~Fred Upton

Obamacare is a seriously flawed law that makes health care coverage less affordable, costs taxpayers more than advertised and fails to deliver on most of its other grand promises.

~Fred Upton

Obamacare represents a shocking display of political arrogance. It's about time Washington started listening to Americans' common sense voices.

~Fred Upton

Cuts in carbon emissions would mean significantly higher electricity prices. We think the American consumer would prefer not to be skinned by Obama's EPA.

~Fred Upton

The Obama administration is on notice - they will not be allowed to regulate what they have been unable to legislate.
