It's a slam-dunk case!

~George Tenet

We could never verify that there was any Iraqi authority, direction and control, complicity with al Qaeda for 9/11 or any operational act against America. Period.

~George Tenet

I'm Greek, and we're conspiratorial by nature.

~George Tenet

One mushroom cloud would change history. My deepest fear is that this is exactly what they [Al Qaeda] intend.

~George Tenet

The only people that ever stand up and tell the truth are who? Intelligence officers. Because our culture is, never break faith with the truth. We'll tell you, you don't have to drag it out of us.

~George Tenet

Foreign nations have begun to include information warfare in their war college curricula with respect to both defensive and offensive applications.

~George Tenet

Never break faith with the truth.

~George Tenet

By definition, intelligence deals with the unclear, the unknown, the deliberately hidden. What the enemies of the United States hope to deny we work to reveal.

~George Tenet

You deserve better from your entire government, all of us.

~George Tenet

To understand a difficult topic like Iraq takes patience and care. Unfortunately, you rarely hear a patient, careful or thoughtful discussion of intelligence these days.

~George Tenet

I am convinced the next major attack against the United States may well be conducted by people with Asian or African faces, not the ones that many Americans are alert to.
