Critics play a dangerous game when they denounce the science and law EPA has used to defend clean air for more than 40 years. The American people know better.

~Gina McCarthy

The climate change is real today, but also the solutions that we have available to us that are cost-effective and beneficial to everyone are at our disposal now.

~Gina McCarthy

Climate change is the greatest threat of our time.

~Gina McCarthy

But I will tell you that I didn't go to Washington to sit around and wait for Congressional action. Never done that before, and don't plan to in the future.

~Gina McCarthy

Greenhouse gas pollution, through its contribution to global climate change, presents a significant threat to Americans health and to the environment upon which our economy and security depends.

~Gina McCarthy

I love disagreements. I love the democratic process. If I'm in a room where everybody agrees, I start to nod off.

~Gina McCarthy

I definitely challenge people. But hopefully, I am working harder than anybody else, and so people won't resent the fact that I want them to work hard, as well.

~Gina McCarthy

When discussing overall impacts on employment, it is important not to overlook the new technologies and industries that can be driven by

pollution control standards.

~Gina McCarthy

I cannot shy away from controversy. I don't know if it's my Irish blood, but I love it.

~Gina McCarthy

States with tremendous oil and natural gas reserves have the most to gain economically from proper regulation.

~Gina McCarthy

There is no threshold level of fine particle pollution below which health risk reductions are not achieved by reduced exposure.
