I think we all appreciate it now just how lucky we are to be in a band like Judas Priest.

~Glenn Tipton

We love not just Judas Priest music, but we love heavy metal and we love to get out on that stage every night and perform. It's a joy to be able to do it.

~Glenn Tipton

Shortly after that, we got management problems over in England, and Judas Priest asked me to join.

~Glenn Tipton

The hardest part is to travel, and to be away from your family.

~Glenn Tipton

I've got the luxury to tailor make the songs so I can sing them.

~Glenn Tipton

In my first bands I was a singing guitar player, but if you heard any of those songs you wouldn't describe me as a singer. But I can make it work.

~Glenn Tipton

A lot of bands that reunite do it for the wrong reasons. They do it for the bucks and everybody can sense it.

~Glenn Tipton

I never took a lesson until I was 20, and I'm glad I had those years living the life of a normal person. I don't consider that time wasted.

~Glenn Tipton

Back in 1994 there was no Judas Priest.

~Glenn Tipton

There are a lot better musicians than me out there that just haven't had the luck to fall into everything like I have.

~Glenn Tipton

I'm a married man and I've got two children, and you have to do sacrifices.

~Glenn Tipton

I write a lot of stuff, and some of it I don't even present to Judas Priest. But having said that, my first love is to play Judas Priest music.

~Glenn Tipton

If you're not enjoying yourself, you can't really look as if you are.

~Glenn Tipton

Too much down time makes us miss home.

~Glenn Tipton

My vocal ability is very limited, but I'm fortunate in that I can write the songs around my vocal limitations.

~Glenn Tipton

I started out myself rather late you see, I was 18.

~Glenn Tipton

Yeah, but on the U.S Tour we threw a new song into the set almost every night. Of course, you can't do too many new songs every night as they've never heard it.

~Glenn Tipton

You have to get to know your voice and its strengths and play on those. It took me quite a long time.
