We cannot and will not ban the creation of violent video games. But, we can prevent the distribution of these disturbing games to children, where their effects can be negative

~Herb Kohl

I will vote my hopes and not my fears

~Herb Kohl

As all of us with any involvement in sports knows, no two umpires or no two referees have the same strike zone or call the same kind of a basketball game

~Herb Kohl

Bankruptcy is a serious decision that people have to make.

~Herb Kohl

Before we decide to trust you with this power, we ask you to stand before the public and explain your views. Justice may be blind, but it should not be deaf.

~Herb Kohl

Even as we pour hundreds of billions of dollars into our efforts in the Middle East, there is much that needs to be done to win the war of ideas in the Muslim world and beyond

~Herb Kohl

We need to take steps to strengthen and mend Social Security so that its promise of a secure retirement is just as real for seniors in the future as it is today.

~Herb Kohl

The judicial branch has, in its finest hours, stood firmly on the side of individuals against those who would trample their rights.

~Herb Kohl

A nominee [to Supreme Court] must possess the competence, character and temperament to serve on the bench.

~Herb Kohl

As the guardian of our rights, the Supreme Court makes decisions every year which either protect the individual or leave him at the mercy of more powerful forces in our society.

~Herb Kohl

Judicial excellence requires candor before confirmation. We are being asked to give the nominee enormous power.

~Herb Kohl

Through its interpretation of the Constitution, the Supreme Court hugely shapes the fabric of our society for us and for future generations.

~Herb Kohl

We need to fight the plague of the uninsured the way we have fought other threats to our way of life and our basic values.

~Herb Kohl

Businesses want to offer solid, affordable health insurance to their employees, but it is getting harder to find every year.

~Herb Kohl

When the President makes something a priority, we see action
