Elements, Emperor, College, Unions, Issues, Class, Real, Years, Cost, Logical,  
Roots*

Ages of experience have taught humanity that the commitment of a husband and wife to love and to serve one another promotes the welfare of children and the stability of society.

~Jack Kingston

Our current identification system is so disjointed that the World Trade Center terrorists had a total of 63 valid driver's licenses between them.

~Jack Kingston

Marriage cannot be severed from its cultural, religious and natural roots without weakening the good influence of society.

~Jack Kingston

If we change the definition of marriage to be more inclusive, then it is logical to argue that we should broaden the definition so that won't exclude anyone.

~Jack Kingston

From a monarchy followed by suffering under Communism, Ethiopians must be given the opportunity to flourish under the greatest of systems - democracy.

~Jack Kingston

Most people understand life expectancy has changed since Social Security started in 1937 when folks lived to be 59 years old. Today, they live to be 77 years old.

~Jack Kingston

Indeed, there are so many prejudices against everyday middle-class values on college campuses, and serving in the military and being pro-American just seems to be one of them.

~Jack Kingston

There is a certain element of complementarity between men and

women that is biological by nature.

~Jack Kingston

In Ethiopia, democracy is in its infancy and it must be nurtured along by its leaders.

~Jack Kingston

I wish that the Democrats would put some effort into Social Security reform, illegal immigration's reform, tax reform, or some of the other real issues that are out there.

~Jack Kingston

I used to live in Ethiopia as a child, and I lived there when Haile Selassie was the emperor.

~Jack Kingston

But whether a couple is a man and a woman has everything to do with the meaning of marriage.

~Jack Kingston

Frivolous lawsuits are booming in this county. The U.S. has more costs of litigation per person than any other industrialized nation in the world, and it is crippling our economy.

~Jack Kingston

Marriage is an institution fits in perfect harmony with the laws of nature; whereas systems of slavery and segregation were designed to brutally oppress people and thereby violated the laws of nature.

~Jack Kingston

Marriage encourages the men and women who together create life to unite in a bond for the protection of children.

~Jack Kingston

I think Social Security should be bipartisan and it should transcend the next election, and you should get the best ideas of the Democrats and of the Republicans, and move forward with the best.

~Jack Kingston

I welcome the Democrats' ideas on Social Security. I think it is very important to make a bipartisan reform.

~Jack Kingston
