I've always believed that photography is a way to shape human perception.

~James Balog

The cumulative effect of each person making a change in his or her own life will make a difference.

~James Balog

You can't divorce civilization from nature - we totally depend on it.

~James Balog

Glacial pace is actually an incorrect concept. The glaciers move a lot faster and they react a lot faster than people imagine.

~James Balog

The problem is almost everybody is just recording the world with home photographic toys, not doing metaphor or ideas. We have a photographic culture that's not conditioned to think in terms of symbol.

~James Balog

I personally spend the majority of my time by far on outreach and education and fundraising and administration.

~James Balog

When I worked with wildlife a lot in the Eighties and Nineties, I learnt the meaning of patience. And when I worked with trees, I learned the meaning of humility.

~James Balog
