Things that make you weird as a kid will make you great tomorrow.

~James Victore

It's about whittling. It's about taking something and whittling and whittling and getting it sharp and perfect. Then you've got something.

~James Victore

Inspiration is hogwash. My work comes directly out of my loves and hates. Muses don't whisper in my ear, and ideas don't flow over my body like a cool rain.

~James Victore

If your work appeals to everyone, it moves no one

~James Victore

The life you want doesn't exist. You have to make it up.

~James Victore

If you don't enjoy what you're doing, how can you assume anyone else will

~James Victore

But the few brave ones, both companies and individuals, who risk comfort and safety for a chance at beauty or being able to move someone "they have a potential to gain so much more.

~James Victore

You can't learn anything new, until you are open enough to forget everything you think you know

~James Victore

We're supposed to be the people who make culture, not decorate culture.

~James Victore

Put your weird in your work!

~James Victore

Go have fun and make money

~James Victore

Creativity is not to be rudely shoved into being

~James Victore

When we think of our work as a gift, it radically changes what we create.

~James Victore

No one can stand in the way of your personal greatness

~James Victore

In the particular lies the universal.

~James Victore

The first rule of business is FUN

~James Victore

I am everyone I have ever loved.

~James Victore

Distraction is the most corrosive disease of the 20th century.

~James Victore

We are born with magic inside of us

~James Victore
