Quotes

*Evolution, Real, Meaningful, Quality, Art, Becoming, Creative, Self, Constant,
Issues, Dry, Joining, Political, Bigger, Running, Believe, Training, Keys,
Differences, Forever*

In 1920 [H.G. Wells] described human history as becoming more and more a race between education and catastrophe.

~Joel Garreau

The Harvard Law of Animal Behavior holds that under controlled experimental conditions of temperature, time, lighting, feeding, and training, the organism will behave as it damn well pleases.

~Joel Garreau

Dwight D. Eisenhower changed America forever with the creation of the interstate highway program.

~Joel Garreau

Today the story is no less attitude-adjusting. It is about the defining cultural, social and political issue of our age. It is about human transformation.

~Joel Garreau

If you put a large switch in some cave somewhere, and a sign on it saying, "End-of-the-World Switch. PLEASE TO NOT TOUCH," the paint wouldn't even have time to dry.

~Joel Garreau

The essence of being human is being creative.

~Joel Garreau

Transcendence is the only real alternative to extinction. This is serious. This may be the ultimate final exam.

~Joel Garreau

The theory of meaning says that joining and serving in things larger than you that you believe in while using your highest strengths is a recipe for meaning.

~Joel Garreau

Humankind's constant effort to fix its shortcomings is what drives human history.

~Joel Garreau

It is time to rekindle the spirit of the Renaissance to achieve a golden age that will be a turning point for human productivity and quality of life.

~Joel Garreau

Informing all of Carson's work was the idea that although human beings are part of nature, we are distinguished by our power to alter it irreversibly.

~Joel Garreau

The inflection point at which we have arrived is one in which we are increasingly seizing the keys to all creation, as astounding as that might seem.

~Joel Garreau

We are at an inflection point in history.

~Joel Garreau

There are three levels of happiness: the pleasant life, the good life, and the meaningful life.

~Joel Garreau

In order for the Prevail Scenario to work ... you will have to have a world in which you have both differences between people and opportunities for intense connectedness.

~Joel Garreau

The next frontier is our own selves.

~Joel Garreau

The hallmark of the Renaissance was its holistic quality as all fields of

art, engineering, science and culture shared the same exciting spirit and many of the same intellectual principles.

~Joel Garreau

The only reason Toronto is no longer the dullest city on earth is that it is no longer full of Anglo-Canadians. It is full of Hong Kong Chinese. And not a few Italians.

~Joel Garreau
