

# John Gunther Quotes

*Cities, Country, New York, Dies, Iraq, Time, Kissing, 4th Of July, Superstitions,  
West, Forever, Arkansas, Stars, Color, Food, Community, Balls, Want, Green,  
Care*

All happiness depends on a leisurely breakfast.

~John Gunther

One travels like a golf ball, hopping from green to green.

~John Gunther

Ours is the only country deliberately founded on a good idea.

~John Gunther

Live while you live, then die and be done with.

~John Gunther

The camera is one of the greatest liars of our time.

~John Gunther

Yemen produces coffee, Egypt cotton, Iraq dates, Palestine oranges, and Syria trouble.

~John Gunther

The first essence of journalism is to know what you want to know, the second, is to find out who will tell you.

~John Gunther

Touch water in the West and you touch everything.

~John Gunther

He was trying to save both his faces.

~John Gunther

Moscow is the city where if Marilyn Monroe should walk down the street with nothing on but shoes, people would stare at her feet first.

~John Gunther

What is life? It departs covertly. Like a thief Death took him.

~John Gunther

France is the most civilized country in the world and doesn't care who knows it.

~John Gunther

Count Hermann Keyserling once said truly that the greatest American superstition was the belief in facts.

~John Gunther

There are no generalizations in American politics that vested selfishness cannot cut through.

~John Gunther

I have so much to do! And there's so little time!

~John Gunther

God is what's good in me.

~John Gunther

Arkansas is a curious and interesting community ... it is probably the most untouched and unawakened of all American states.

~John Gunther

Old and new kiss everywhere in Africa

~John Gunther
