I think maybe the most important thing that I or anybody at my company and any of my colleagues can do is establish a trusting, productive, collaborative relationship with creative people.

~John Landgraf

It is the pure arrogance of the newly rich and the newly powerful to think content is easy.

~John Landgraf

That's the definition of a mini-series. A mini-series is a show that has no continuing story or narrative elements between one group of episodes and another, so no, I wasn't surprised.

~John Landgraf

The amount of competition is just literally insane.

~John Landgraf

I read every draft of every episode of every series produced at FX.

We've actually bought quite a number of historical pieces. We are doing a piece on the abolitionists, Harper's Ferry and the abolitionist John Brown with Paul Giamatti.

~John Landgraf

There are no characters in the limited series Fargo that are derived from the characters in the film Fargo. It's hard to describe how remarkably true to the film the show is.

~John Landgraf

It's easier to solve the problem more quickly with directors than with writers.

~John Landgraf

I believe really deeply in the pilot process because you learn things about tone and casting.

~John Landgraf

I think the possibility of continuing on a comedy is greater than a drama.

~John Landgraf

I think a shotgun or a handgun that has a six-round clip is a very good, perfectly adequate weapon for self-defense, in the home. You simply can't create that kind of mayhem, if you have to reload.

~John Landgraf

I don't think I ever had any relationship with any showrunner, over time, with whom I didn't have conflict.
