Beauty, therefore, for the modern and postmodern artist has become a highly dubious metaphor for a discredited belief system.

~John Walford

Who is one's audience, the spiritually hostile professional art world or one's visually insensitive Christian neighbour?

~John Walford

Postmodernism has not overcome the problems of modernism, but only compounded them with a dosis of cynicism, relativism and indifference.

~John Walford

Beyond a narrow, elite audience, there is a pervasive sense from the side of the public that much contemporary art fails to connect - a failure not evident throughout centuries of earlier art.
