Mia Farrow was the person I was really excited about getting to know, because Woody Allen is one of my heroes and, just by proxy, I was a huge fan of hers.

~Justin Bartha

It's always nice to have people love the things that you do.

~Justin Bartha

When I first started acting in movies - as probably a lot of naive young actors do - I made a list of directors that I wanted to work with and sent it to my agent at the time.

~Justin Bartha

I'm just happy to be working, personally, and I make a lot of money on these for doing next to nothing.

~Justin Bartha

When you're talking about pure form, theater is a wonderful outlet.

~Justin Bartha

It is good to get an all round experience especially when you have never been on a movie set.

~Justin Bartha

I have yet to meet a person whose favorite movie is Gigli, but I hope to meet them one day and give them a hug.

~Justin Bartha

I do have rituals. I'm a fairly superstitious person.

~Justin Bartha

I love watching old movies, reading and having some good meals. I have a very close group of friends and family. I try to spend time with the ones that I love and work as hard as possible.

~Justin Bartha

It's not often as an actor you get to be involved with a project that seems to be on the right side of history.

~Justin Bartha

I have never actually watched 'Glee.' I have heard it is just fantastic.

~Justin Bartha

For me, I've always wanted to do theater, so I gravitate toward it.
