Order, Jobs, Creativity, Excitement, Long, Dollar Bills, Wonderful, Making  
Money, Practice, Challenges*

The challenge of our generation, whether it's young lawyers, young investment bankers, is to make capitalism work for people not just around the corner, but for people all around the world.

~Kabir Sehgal

When you go to a Japanese wedding, make sure that you tie the ribbon on the present tightly because if you don't, you may imply that you don't think the marriage will last.

~Kabir Sehgal

It is important to understand that the most important currency is social debt. Doing things for others. In order to get, you have to give.

~Kabir Sehgal

The New Testament states that man cannot serve two masters. He must choose one - God, and not the other - money. For what man chooses will reveal his heart.

~Kabir Sehgal

People have tried to control other people by trapping them with debt. A loan can become a harmful and dangerous weapon.

~Kabir Sehgal

Researchers have found that identical twins who have been separated for long periods of time actually invest in a similar manner. Biology really does affect how we spend money.

~Kabir Sehgal

All organisms rely on exchange. They form symbiotic partnerships in order to obtain the energy that they need to survive. Energy is the currency of nature.

~Kabir Sehgal

Money numbs your senses. People who touched paper money and

then placed their hands in hot burning water didn't feel as much pain as those who hadn't touched money.

~Kabir Sehgal

On a biological level, the brain registers money as something valuable - even a dollar bill which has no intrinsic value, it's just paper.

~Kabir Sehgal

Money is really like blood. You need it to live but it isn't the point of life.

~Kabir Sehgal

The oldest and most important currency is debt.

~Kabir Sehgal

Researchers have compared brain scans of those people who are making money to those high on cocaine and found that them to be almost identical. Money has a biological and psychological effect on us.

~Kabir Sehgal

Just the idea of making money can increase your skin conductancy, meaning there's a current of excitement.

~Kabir Sehgal

Reputation will become an even more important currency in the future.

~Kabir Sehgal

Social standing and reptuation has always mattered, but now it 's happening on a global basis.

~Kabir Sehgal

It's ok to say I don't know. Realizing this earlier in my career would have put me more at ease.

~Kabir Sehgal

It's a Wonderful Life. This film illustrates that if you treat your customers with respect, they will recognize you and even help when you're most in need.

~Kabir Sehgal
