Access to computers and the Internet has become a basic need for education in our society.

~Kent Conrad

We shouldn't just live for today; we should prepare for tomorrow.

~Kent Conrad

We've got to have major health care reform because that is the 800-pound gorilla. That is the thing that can swamp the boat fiscally for the United States.

~Kent Conrad

The President is not squaring with the American people as to the seriousness of our nation's fiscal condition. It is time for people to stand up and tell the truth.

~Kent Conrad

Reconciliation cannot be used to pass comprehensive health care reform. It won't work because it was never designed for that kind of significant legislation; it was designed for deficit reduction.

~Kent Conrad

Negotiating sugar trade in bilateral free trade agreements is a recipe for disaster for the U.S. sugar industry, and it is unnecessary.

~Kent Conrad

America was founded on majority rule, not supermajority rule. Somehow, over the years, this has morphed into supermajority rule, and that changes things.

~Kent Conrad

I would do away with super PACs. I think it's a cancer.

~Kent Conrad

Highway spending, which I think most everybody says is badly needed in this country, creates American jobs, and also makes America more competitive.

~Kent Conrad

Governments can inflate their way out of debt, but that has consequences, doesn't it?

~Kent Conrad

Certainly Social Security needs to be reformed.

~Kent Conrad

So I put that all together and I find it makes it hard to justify a filibuster.

~Kent Conrad

The reality is no one knows how much it will cost us to wage war with Iraq.

~Kent Conrad

When Republicans used reconciliation in 2001 for the Bush tax cuts, they used it to increase the deficit. The whole purpose of reconciliation is for deficit reduction!
