I knew I wanted to be a writer from as far back as I can remember. That was my talent. Lord knows it wasn't math.

~Kevin Maney

Who "wins" and who "loses" depends on when you measure it.

~Kevin Maney

We learn more about how human brains work. And that leads us to ideas about how to make human brains work better.

~Kevin Maney

The explosion of the Web and digital media from 1995 to 2000 shook companies more profoundly in a shorter time than anything since the end of World War II.

~Kevin Maney

Our brains are great at knowing what to forget. We actually have to teach computers to do the same.

~Kevin Maney

Super fidelity requires constant investment and discipline, but great companies know how to do that.

~Kevin Maney

I'm that tech writer who gets on stage and plays funny tech songs. I wouldn't want that to be all I'm known for, but it's a bit of a differentiator.

~Kevin Maney

A CD these days is not all that convenient, and it doesn't bring enough fidelity to make you put up with that inconvenience. So, nobody buys CDs anymore.
