Science fiction is an extension of science.

~Len Wiseman

As society evolves, people are interested in a new take on an old beloved story.

~Len Wiseman

Some people will always be disappointed.

~Len Wiseman

A lot of these movies are informed by the movies that come before them.

~Len Wiseman

With Die Hard it was just something that I, you know, I grew up with those movies. I made a Die Hard movie with my friends in my backyard during high school. It was terrible.

~Len Wiseman

In mine, they were just trying to steal a briefcase of cocaine.* That's it. Some flour that I got out of my mom's cupboard.

~Len Wiseman

I would love to travel to the future to plot out some things so there's no more guess work.

~Len Wiseman

My family is Mormon. I'm not Mormon, but my family is, and my mom was like, "You're doing a show called Lucifer?! But I will admit, he is handsome, so I'll watch it."
