This House cannot function without an open, accountable, and independent ethics process; and the molestation of that process by the majority is an abuse of power that cannot stand.

~Louise Slaughter

The U.S. has the finest research scientists in the world, but we are falling far behind other countries, like South Korea and Singapore, that are moving forward with embryonic stem cell research.

~Louise Slaughter

The Second Amendment only protects the people who want all the guns they can have. The rest of us, we've got no Second Amendment. What are we supposed to do?

~Louise Slaughter

Our girls have learned that sweat is sexy, brawn is beautiful and a little dirt never hurt anyone.

~Louise Slaughter

As a microbiologist, I am particularly concerned with Mr. Bush's blatant disregard for science.

~Louise Slaughter

Credit card companies pay college students generously to stand outside dining halls, dorms, and academic buildings and encourage their fellow students to apply for credit cards.

~Louise Slaughter

Contraceptives have a proven track record of enhancing the health of women and children, preventing unintended pregnancy, and reducing the need for abortion.

~Louise Slaughter

And whether it is equal pay, health care, Social Security, or family

leave, this Congress has refused to address issues critical to hard-working American women.

~Louise Slaughter

The Defense Department must do a better job of providing the best possible care for service women who are victims of sexual assault.

~Louise Slaughter

Let's clean up our environment. Let's clean up our bodies, but most importantly, let's not permit our babies of the future to be polluted before they are even born.

~Louise Slaughter

Surely the Department of Defense can and needs to do a better job of training new and existing first responders to respond to sexual assaults occurring in the military.

~Louise Slaughter

Susan B. Anthony formed the Equal Rights Association, refuted ideas that women were inferior to men, and fought for a woman's right to vote.

~Louise Slaughter

We all know that girls who compete in sports perform better in school, are physically healthier and have a stronger self-esteem.

~Louise Slaughter

If they are opposed to abortion, they should be for preventing unintended pregnancies.

~Louise Slaughter

For most women, including women who want to have children, contraception is not an option; it is a basic health care necessity.

~Louise Slaughter

We have record high temperatures and record high energy prices across the country, and we've seen the dangerous effects caused by extreme temperatures in the past.

~Louise Slaughter

We have a responsibility to promote stem cell research which could lead to treatments and cures for diseases affecting millions of Americans.

~Louise Slaughter

Many poor and low-income women cannot afford to purchase contraceptive services and supplies on their own.

~Louise Slaughter

Challenge America grants go to the towns and hamlets of this sprawling country, where big touring companies will rarely go, and major actors, actresses, writers and artists may never appear in person.

~Louise Slaughter

Women in the service put themselves in harms way to protect us and our Nation from threats at home and abroad. The least we can do is ensure they are protected when facing a horrible tragedy.
