A single collective directed thought is all it takes to change the world.

~Lynne McTaggart

The power of mass intention may ultimately be the force that shifts the tide toward repair and renewal of the planet.

~Lynne McTaggart

Intention appears to be something akin to a tuning fork, causing the tuning forks of other things in the universe to resonate at the same frequency

~Lynne McTaggart

The power of an intention multiplies, depending upon how many people are thinking the same thought at the same time.

~Lynne McTaggart

To be a true explorer is to carry on your exploration even if it takes you to a place you didn't particularly plan to go to.

~Lynne McTaggart

.. if all the information of the cosmos flows through our pores at every moment, then our current notion of our human potential is only a glimmer of what it should be.

~Lynne McTaggart

Health is a state of perfect subatomic communication and ill health is a state when communication breaks down. We become ill when our waves are out of sync.

~Lynne McTaggart

In order to like someone you don't necessarily need to agree with them. It's part of our nature to want to connect.

~Lynne McTaggart

The excitement that science possess is its ability to answer the big questions.
