For a variety of reasons, I believe, the time is right to resolve many of the long standing and thorny land use, recreation, and wilderness designation issues in Central Idaho.

~Michael K. Simpson

The solution is to first create an integrated economic development and recreation plan that addresses the needs of the people who live and recreate in central Idaho.

~Michael K. Simpson

As I travel around Idaho and visit with seniors, I hear almost universal concern about the rising cost of health care, particularly the cost of prescription drugs.

~Michael K. Simpson

Recent demonstration projects have shown that with some Federal support, a little funding can go a long way toward ensuring that low-income children have access to good oral health care.

~Michael K. Simpson

Millions of Americans, adults and children, lack access to dental care.

~Michael K. Simpson

Further, Japan is the second largest donor in Iraq after the United States, with over \$5 billion dollars for humanitarian, infrastructure and reconstruction projects.

~Michael K. Simpson

Players have a great deal of flexibility when conducting diplomatic relations with their allies.

~Michael K. Simpson

The goal of re-importation is to provide American consumers with access to drugs at the world market price - not the inflated price now

paid only by Americans.

~Michael K. Simpson

Japan continues to work closely with the United States on the issue of the North Korean nuclear crisis and has played an important and constructive role in the Six-Party talks.

~Michael K. Simpson

It's crucial to keep in mind that the hundreds of millions of dollars now spent on prescription drug advertisements are ultimately paid for by consumers in the form a higher drug prices.

~Michael K. Simpson

There is no disputing the fact that American consumers pay 30 to 300 percent more for the same prescription drugs as our counterparts in Canada, Europe, and the rest of the world.

~Michael K. Simpson

Ultimately, China may use force to push for unification with Taiwan, a scenario we all must work to prevent.

~Michael K. Simpson

A fresh pair of eyes can often find problems.

~Michael K. Simpson

While most Americans have access to the best oral health care in the world, low-income children suffer disproportionately from oral disease.

~Michael K. Simpson

While nothing is certain, I firmly believe our nation is on the verge of a nuclear energy renaissance.

~Michael K. Simpson

We all read news stories about the difficulties and tensions that the

United States has with our allies and even with coalition partners in Iraq, but we rarely read about the good news.

~Michael K. Simpson

We must take action now, by permitting re-importation, to ensure that health care and prescription drugs remain accessible and affordable for everyone.

~Michael K. Simpson

That is why I strongly believe we should working in Congress to make America a better place to run a business by reducing the costly burdens of bureaucracy and red tape.

~Michael K. Simpson

In the event of the death of a current or former President, like the recent death of President Ronald Reagan, the flag should be flown at half-staff for thirty days from the day of the death.

~Michael K. Simpson

Estimates show that small businesses contribute 60-80 percent of the net new jobs annually.

~Michael K. Simpson

I am involved with politics today because of the inspiration I received from Ronald Reagan.

~Michael K. Simpson

For small businesses, regulatory burdens can be overwhelming.

~Michael K. Simpson

I have long believed these types of collaborative agreements are a far better approach to federal land management than the contentious battles that too often sidetrack proper resource management.

~Michael K. Simpson

I realize the answer is not to create wilderness and walk away.

~Michael K. Simpson
