~Michael Snow

When my name started popping up I was quite irritated and a little bit in shock.

~Michael Snow

The things that can go wrong are particular to mediums and they make for qualities that really are of the medium.

~Michael Snow

To extend the depth of what has been called 'art' into photography requires... making available to the spectator the amazing

transformations the subject undergoes to become the photograph.

~Michael Snow

People's vocabulary has expanded.

~Michael Snow

There is really not that much improvisation in my films. There is an acceptance of a chance.

~Michael Snow

I am a little bit of a foul mouth and I just like to give it back to people.

~Michael Snow

I really want to make physical things so that the experience is a real experience and not just conceptual.

~Michael Snow

I don't know what is happening to people but they are not as tough as they used to be.

~Michael Snow

The idea that recording itself is an instrument.
