Stuart Rojstaczer writes with enormous wit, style and empathy, and *The Mathematician's Shiva* is a big-hearted, rollickingly funny novel that's impossible to put down. A tremendous debut.

~Molly Antopol

It is more important to just be as honest as I can about my characters than to write some really great sentence.

~Molly Antopol

There's something interesting about being really intimate and familiar with Israel, but still being American - that really thin piece of glass between me and my experiences.
