When I was 17, I was a Lakers Girl; I was the youngest girl on the squad.

~Moon Bloodgood

You can't just do cheap CGI and think that's going to work. It doesn't.

~Moon Bloodgood

I like change, like anybody. You don't want to keep doing the same thing because then it gets harder to take chances, be creative, and feel inspired when you're doing the same thing.

~Moon Bloodgood

With global warming, I'm never going to time-travel. It's probably going to cause some major emission problems.

~Moon Bloodgood

Whenever you're dealing with fantasy, and you're doing vampires or anything that is not too based in reality, and you try to base it in reality, you have so much of a greater chance of sounding hokey.

~Moon Bloodgood

Girls know when they're attractive.

~Moon Bloodgood

I was so lucky that I didn't have to audition. It's just such a grueling process, in itself.

~Moon Bloodgood

I have a very European feel about nudity.

~Moon Bloodgood

I think maybe one day I'll go back to music. I don't know. I don't know if sometimes you lose a passion or you don't lose it, it becomes more personal and less about sharing it with everyone.

~Moon Bloodgood

My theory is because I'm Asian and white I sort of look like the future. I'm the melting pot.

~Moon Bloodgood

To me a great sci-fi movie has elements of horror and suspense.

~Moon Bloodgood

I've always been into sports and being physical.

~Moon Bloodgood

I enjoy eating and have no issues with eating. I am not going to be one of those girls who have to watch her weight.

~Moon Bloodgood

I try to be a good, diligent actor.

~Moon Bloodgood

I never wanted to be an actor.

~Moon Bloodgood

I love science fiction.

~Moon Bloodgood

I love people who are real.

~Moon Bloodgood

I would much rather watch a horror film or science fiction than a comedy. I don't know why. I just like them. I find them relaxing.
