Cord blood stem cell units have been shown to be a suitable alternative to adult bone marrow for the treatment of many diseases, including sickle cell anemia.

~Nathan Deal

Scientific advancement should aim to affirm and to improve human life.

~Nathan Deal

Science without respect for human life is degrading to us all and reflects a hollow and deceptive philosophy, a philosophy that we as a people should never condone.

~Nathan Deal

On the other hand, the vast majority of all westernized countries, including every single European country along with Israel and Japan, do not offer birthright citizenship.

~Nathan Deal

As a physician, I know many doctors want to utilize new technology, but they find the cost prohibitive.

~Nathan Deal

Every year, nearly two-thirds of the approximately 200,000 patients in need of a bone marrow transplant will not find a marrow donor that matches within their families.

~Nathan Deal

In his 4 years in the White House, President Carter worked to make the Federal Government more competent and compassionate and more responsive to the American people.

~Nathan Deal

What is fetus farming? Simply put, it is the creation and development of a human fetus for the purposes of later killing it for research or for

harvesting its organs.

~Nathan Deal

Just because scientists have the knowledge to do it, the technology to do it, and some may even have a financial motive or other incentive to do it, does not make it right.

~Nathan Deal

In fact, many nations currently refuse to support embryonic stem cell research of any kind.

~Nathan Deal

Pluripotent cells have the ability to grow into any cell in the body.

~Nathan Deal

Births to illegal immigrants now account for nearly one out of every ten births in the United States.

~Nathan Deal

Republicans can vote on Sundays too, just after they go to Church.

~Nathan Deal

Nurses are an integral component of the health care system, and it is important that we recognize the over 2.7 million registered nurses for the significant work that they do.

~Nathan Deal

Karen Handel has run a 100 percent negative campaign.
