

Neal H. Moritz

Quotes

*Thinking, People, Want, Numbers, School, Mouths, Directors, Cameras,
Special, Needs, Might, Years, Certain, Good Movie, High School, Benefits,
Research, Eggs, Crazy, Fun*

I think that if you're creating an environment completely or...in my research, what I've learned is that if it's a CG world or a lot of visual effects, you're almost better doing that in post.

~Neal H. Moritz

I think there was always something that everybody wishes they could relive in high school.

~Neal H. Moritz

I think the combination of action and the combination of comedy are two really, really good genres to meld together.

~Neal H. Moritz

I have a ton of fun, I mean luckily I've been balancing a ton of projects for a lot of years now, and I'm better when I'm busy and I just do my job in a way where I really totally compartmentalize.

~Neal H. Moritz

I think certain movies are right for 3D. I think certain movies are not right for 3D. And I think the specialness of 3D will be worn off if every movie becomes 3D.

~Neal H. Moritz

I think that when audiences find a movie that they don't expect to like, it adds great word of mouth.

~Neal H. Moritz

I hate high expectations because they're hard to beat.

~Neal H. Moritz

If anybody would have told me I'd be making number seven Fast & Furious, I would have said, "You're crazy."

~Neal H. Moritz

You might have been able to fool people the first time, or something, but you really can't make a successful sequel today unless people really, really liked the predecessor.

~Neal H. Moritz
