Good luck, Mr. Gorsky!

~Neil Armstrong

Mystery creates wonder and wonder is the basis of man's desire to understand.

~Neil Armstrong

This is one small step for a man, one giant leap for mankind.

~Neil Armstrong

It's a great thing for a man to walk on the moon. But it's a greater thing for God to walk on the earth.

~Neil Armstrong

Well, I think we tried very hard not to be overconfident, because when you get overconfident, that's when something snaps up and bites you.

~Neil Armstrong

Geologists have a saying - rocks remember.

~Neil Armstrong

Shoot for the stars but if you happen to miss shoot for the moon instead.

~Neil Armstrong

You've got to expect things are going to go wrong. And we always need to prepare ourselves for handling the unexpected.

~Neil Armstrong

Ever since I was a little boy, I dreamed I would do something important in aviation.

~Neil Armstrong

Pilots take no special joy in walking: pilots like flying.

~Neil Armstrong

In flying, the probability of survival is inversely proportional to the angle of arrival.

~Neil Armstrong

I guess we all like to be recognized not for one piece of fireworks but for the ledger of our daily work.

~Neil Armstrong

Here men from the planet Earth first set foot upon the Moon. July 1969 AD. We came in peace for all mankind.

~Neil Armstrong

Research is creating new knowledge.

~Neil Armstrong

Man must understand his universe in order to understand his destiny.

~Neil Armstrong

I believe that the Good Lord gave us a finite number of heartbeats and I'm damned if I'm going to use up mine running up and down a street.

~Neil Armstrong

If you don't know who you are, a university is an expensive place to find out.

~Neil Armstrong

I can honestly say - and it's a big surprise to me - that I have never had a dream about being on the moon.

~Neil Armstrong

I hope you become comfortable with the use of logic without being deceived into concluding that logic will inevitably lead you to the correct

conclusion.

~Neil Armstrong

There are places to go beyond belief.

~Neil Armstrong

Houston, Tranquillity Base here. The Eagle has landed.

~Neil Armstrong

A picture does a great job, but it's not nearly like being there.

~Neil Armstrong

The important achievement of Apollo was demonstrating that humanity is not forever chained to this planet, and our visions go rather further than that, and our opportunities are unlimited.

~Neil Armstrong

As a boy, because I was born and raised in Ohio, about 60 miles north of Dayton, the legends of the Wrights have been in my memories as long as I can remember.

~Neil Armstrong

The regret on our side is, they used to say years ago, we are reading about you in science class. Now they say, we are reading about you in history class.

~Neil Armstrong

I believe that every human has a finite number of heartbeats. I don't intend to waste any of mine running around doing exercises.

~Neil Armstrong

Opportunities will be available to you that you cannot imagine.

~Neil Armstrong

The Eagle has landed.

~Neil Armstrong

I put up my thumb and it blotted out the planet Earth.

~Neil Armstrong

I am, and ever will be, a white-socks, pocket-protector, nerdy engineer.

~Neil Armstrong

History will remember the twentieth century for two technological developments: atomic energy and space flight.

~Neil Armstrong

It never hurts to have friends around, so that's why you'd form a crew.

~Neil Armstrong

It's a brilliant surface in that sunlight. The horizon seems quite close to you because the curvature is so much more pronounced than here on earth. It's an interesting place to be. I recommend it.

~Neil Armstrong

Start at the end and work back.

~Neil Armstrong

People love conspiracy theories.

~Neil Armstrong

It's different, but it's very pretty out here. I suppose they are going to make a big deal of all this.

~Neil Armstrong

There are two of them up here.

~Neil Armstrong

Society's future will depend on a continuous improvement program for the human character. And what will that future bring? I do not know, but it will be exciting.

~Neil Armstrong

Yeah, I wasn't chosen to be first. I was just chosen to command that flight. Circumstance put me in that particular role. That wasn't planned by anyone.

~Neil Armstrong

Fear is not an unknown emotion to us.

~Neil Armstrong

I think if there was anything I learned from our skipper was that it's not how you look; it's how you perform.

~Neil Armstrong

The one thing I regret was that my work required an enormous amount of my time, and a lot of travel.

~Neil Armstrong

In much of society, research means to investigate something you do not know or understand.

~Neil Armstrong

I fully expected that, by the end of the century, we would have achieved substantially more than we actually did.

~Neil Armstrong

Damn I really did it. I blew the first words on the moon, didn't I?

~Neil Armstrong

Gliders, sail planes, they're wonderful flying machines. It's the closest you can come to being a bird.

~Neil Armstrong

We had hundreds of thousands of people all dedicated to doing the perfect job, and I think they did about as well as anyone could ever have expected.

~Neil Armstrong

I tell you, we're going to be busy for a minute.

~Neil Armstrong

Lindsay Lohan isn't a DJ, but because of her celebrity power she can do a gig somewhere, put her name on a flyer, and she'll probably bring in more people and make more money than I ever will.

~Neil Armstrong

He did it alone. We had a cast of a million.

~Neil Armstrong

I was elated, ecstatic and extremely surprised that we were successful.

~Neil Armstrong

I thought the attractions of being an astronaut were actually, not so much the Moon, but flying in a completely new medium.

~Neil Armstrong

I am comfortable with my level of public discourse.

~Neil Armstrong

It's a strange, eerie sensation to fly a lunar landing trajectory not difficult, but somewhat complex and unforgiving.

~Neil Armstrong

Science has not yet mastered prophecy. We predict too much for the next year and yet far too little for the next 10.

~Neil Armstrong

As I stepped on the moon, I looked around, dazed...magnificent. The vast, sandy silver surface was almost illusory.

~Neil Armstrong

Now and then I miss the excitement about being in the cockpit of an airplane and doing new things.

~Neil Armstrong

If that's there, I believe that technology will probably step up to their part of it.

~Neil Armstrong

I suspect that even though the various questions are difficult and many, they are not as difficult and many as those we faced when we started the Apollo [space program] in 1961.

~Neil Armstrong

How we use the knowledge we gain determines our progress on earth, in space or on the moon. Your library is a storehouse for mind and spirit. Use it well.

~Neil Armstrong

This blowing dust became increasingly thicker. It was very much like landing in a fast moving ground fog.

~Neil Armstrong

Figure out how to build a brand and stick by it so people know what to expect.

~Neil Armstrong

When you deejay a party, a good DJ's job is to take care of the crowd. If people want to hear Britney Spears, that's what you're supposed to

do.

~Neil Armstrong

Hey, we missed the whole thing.

~Neil Armstrong

I'm one of the more positive cats, but when people go off about everybody wanting to be a DJ, I don't doubt them either. I understand their point as well.

~Neil Armstrong

Technology makes good DJ's better, but also allows your average person to think they're a DJ, and unfortunately there's no checks and balances about people making it a career.

~Neil Armstrong

I guess because deejaying has become my job, I tend to listen to really horrible stuff on my spare time. If you heard my iPod you'd be like, "what the hell?"

~Neil Armstrong

There are people I'll always love to listen to, and I'm always ending up discovering new songs by them, which is crazy. Like Stevie Wonder.
